

## 110 CONNECTING BLOCK

### DESCRIPTION

110 connecting blocks utilize double-ended insulation displacement contacts (IDC) that terminate 22-26AWG solid or stranded wire. The blocks are available in 4 and 5-pair sizes with industry-standard color coding.

### FEATURES

- Standard five-pair color-coded tips
- Terminates using 22-26AWG solid conductor cable
- Exceeds the ANSI/TIA/EIA-568-B.2 Category 5e

### SPECIFICATIONS

- Exceeds the ANSI/TIA/EIA-568-B.2 Category 5e
- Performance Category: Data/Voice
- Product Fits Into: 110 Wiring Blocks
- Material: Polycarbonate UL94V-0
- Material: Phosphor Bronze 90/10 Tin Lead Plating
- Depth (Metric): 17mm (4P), 18,5mm (5P)
- Height (Metric): .30mm (4P), 38mm (5P)
- Width (Metric): 6mm (4P), 6mm (5P)
