

## BRACKET WALL OPEN RACK

### DESCRIPTION

Connection Hinged Wall Racks ideal for mounting patch panels and smaller components directly to the wall, these brackets allow you to mount hinged equipment easily.

Perfect for environments that require rack-mounted network equipment but have no room for full server enclosures. These wall-mount racks give you easy access to equipment when maintenance is needed.

### FEATURES

- Black powder painted steel construction
- Wall mount 19" (483mm) bracket
- Standard spacing and threading
- Front dimensions by standard
- EIA Soft cable protection grommets

### SPECIFICATIONS

- Standard EIA310-D
- Designer from 19" (483mm) patch panels
- Color: Black
- Depth: 6" (152mm) and 12" (304mm)
- Rack Units: 2, 4, 6 and 8UR
