

UNSHIELDED MODULAR PATCH PANEL CAT 6A + 24 KEYSTONE JACKS

DESCRIPTION:

Unshielded Modular Patch Panels provide a flexible and versatile termination solution for telecommunications room rack-mounted installations.

Connection Patch Panels for Keystone-Type Modular Jacks CAT 6A provide a termination solution when using modular jacks CAT6A. Enhanced cable strain relief is provided by a cable retention tray. The panel was designed for ease of installation: simply terminate the jacks and snap them into place. Different jack types may be mixed on the same panel for maximum flexibility.

FEATURES:

- 1U Panel
- For Category 6A
- Mounted on 19-inch standard rack
- White label color
- Inserting hole fully complies with RJ-45 of 47 CFR part 68
- High impact flame retardant plastic module in front of panel
- Easy managing & wiring by using the double hook's structure between panel and manager bar
- Comes with 24 Keystone Jack CAT 6A
