

## MODULAR PATCH PANEL

### DESCRIPTION:

Modular Patch Panels provide a flexible and versatile termination solution for telecommunications room rack-mounted installations.

Connection Patch Panels for Keystone-Type Modular Jacks provide a termination solution when using modular jacks. Enhanced cable strain relief is provided by a cable retention tray. The panel was designed for ease of installation: simply terminate the jacks and snap them into place. Different jack types may be mixed on the same panel for maximum flexibility.

### FEATURES:

- 1U and 2U Panel
- For Category 5e~6A, Unshielded Modular Jack series and fiber bezel etc.
- Mounted on 19-inch standard rack
- White label color
- Inserting hole fully complies with RJ-45 of 47 CFR part 68
- High impact flame retardant plastic module in front of panel
- Easy managing & wiring by using the double hook's structure between panel and manager bar
